## Ordering and Production Guide

- Custom-made calendars must have a minimum order of 1,000 copies in order to be manufactured.
- Production order prices will depend upon the size, paper quality, binding, and quantity of the calendars assembled.
- Agreements on specific prices can be discussed once a calendar template is designed with a default sample type and other personalized content.
- Specific requirements are necessary for accurate price quotations. These specifications include, but are not limited to: size, quantity, binding, and quality of paper.
- Once requests for a calendar are made, the design and any modifications necessary for production will be confirmed and evaluated in order to make the highest quality, custom-made calendar possible.
